## Who We Are

DOMU CABINETS is a brand created to attend all clients needs, wishes and professionalism expectations. With over 20 years of experience, our professionals are committed to high quality, cost effective and exceptional services. To meet the highest standards in style and function we work diligently in each step, since the material selection to manufacturing and delivery! We believe technology advancements are the main resource to lead us to the top rank of all Carpentry brands, what also provides to our clients the best products and services delivery. For us the customer's review and concern are the most important part of our job! Our team will constantly seek improvements to better assist you and grow.

### OUR PRODUCTS AND SERVICES

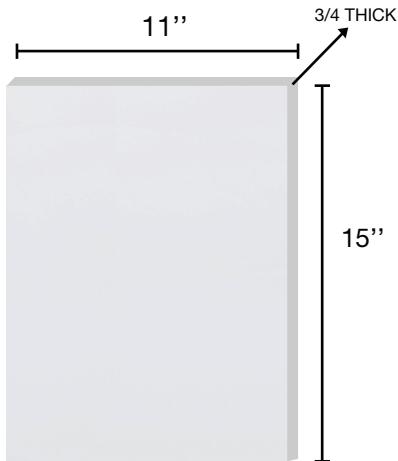

- Everything starts on the first contact with clients! Our customer service and sales associates are well trained and prepared to attend your demands professionally.
- In our catalog you will find a vast variety of modules constructions, carefully elaborated to meet all kind of needs. Our finishes were strategically pre-selected to attend all preferences with a few options.
- When it comes to the material selection we prioritize high quality raw materials, hardware, tools, accessories, and finishes, which guarantees our clients long-term satisfaction.
- The manufacture process is mainly automated with the most up to date machinery technology in the industry. We have worked constantly to achieve mass production with efficiency in quality and delivery.
- To make the assemble process fast and functional we developed our own pattern of assembly, executed by qualified professionals and with special tools and hardware.
- Before shipping your order, all modules and pieces are cleaned and properly packed to avoid any type of damage during transportation. Everything is taken care of as it was ours.
- Every process is monitored and assisted by our CEOs as our main priority is to deliver our best always.
